

Report Name	Article 1	Date & Year
001 A Note from the Octopus		31 March 1993
002 Accident - Elevating Work Platform	Elevating work platform	Oct 1996
003 Accident Newsletter	• Protective clothing • Temporary earthing	March 1996
004 Accident Newsletter	Accident involving person climbing concrete pole	June 1997
005 Appliance Newsletter	Warning from Metropolitan fire brigade, Melbourne-Cordless Jugs, Ceiling exhaust fans, manufacturing of electrical appliances	March 1996
006 Application for Issue or Renewal of Employer Licence		1995
007 Australian Electrical Contractor	Beware! Deadly traps lurk in 'harmless' switchboards	July 1992
008 Authorised Consumers' Newsletter-Specific Requirements for Particular Types of Electrical Installations	• New requirements • Administrative changes • Safety checks for particular installations • Competency requirements for electrical workers • Notification of existence of particular types of electrical installation • Electrical safety	Nov 1993
009 Bennetts - Electricity Safety Information Service	Order Form	1993
010 Canterbury & Westland ECANZ Trade Show	• Outlines some of the work being undertaken by Commerce Electricity in the electrical safety area • provides info updates on other issues regarding electrical safety	1994
011 Canterbury & Westland ECANZ Trade Show - Newsletter	• Outlines some of the work being undertaken by Commerce Electricity in the electrical safety area • provides info updates on other issues regarding electrical safety	July 1995
012 Certificates of Compliance Information Sheet		7 July 1993
013 Canterbury & Westland ECANZ Trade Show Newsletter	• Safety Campaign • Identification of underground services • Installing downlights • Testing • Shock from safety strap • Contact with live 11,000 line	July 1996
014 Commerce Electricity	• Status of Electricity Regulations 93, Electrical Codes of Practice, and Standards	6 Oct 1993
015 Commerce Electricity - Towards 2000 - Joint Standards	• Electric security fences • Shoes & carnivals • Construction & demo sites • wiring systems for specific installations • Selection of cables • Adequate electrical installations • Patient treatment areas • Domestic installations • Testing installations • Safety in film/T.V industry • In-service testing of appliances	1993
016 Contact	• Appliance compliance • SANZ & its mag • Electricity supply regulations 84, amendment 4 • Fuel dispensers • Rulings • Research • Spa pool publicity • Q & A	1991
017 Definitions		1993
018 Electrical Appliance Retail Industry - Information Sheet	• General guidance on the legal requirements regarding the sale of electrical appliances	Nov 1993
019 Electrical Appliance Safety Investigations - Information Sheet	• Containing the hazard • Requesting a response	March 1994
020 Electrical Contractors Assn of NZ- Conference Sept 1993	• outline the work undertaken in the electrical safety area by Commerce Electricity • Q & A	23 Sept 1993
021 Electrical Info Line	Periodic Testing of Electrical Fittings and Electrical Appliances	April 1998
022 Electrical Info Line	• Appliance safety requirements • Appliance safety checks • Appliance approval • Declared articles	Aug 1997

023 Electrical Info Line	• Update & subscription services • NZS 3000 replaces codes of practice	Sept 1997
024 Electrical Info Line	Protection of cables against mechanical damage in roof spaces	Oct 1997
025 Electrical Info Line	Galvanic Isolators - Pleasure Craft & other Vessels	March 1998
026 Electrical Info Line	• Upgrading Electrical Installations • re-connections of installations disconnected more than 6mth	April 1998
027 Electrical Info Line	Procedures for Producing Electrical Codes of Practice	Aug 1998
028 Electrical Info Line	Electrical Appliance Safety	Dec 1998
029 Electrical News Line	• Voltage drop • Review of safety regime for electrical & gas work • Electrical safety plug top warning • Wire reinforced ladder fatality • NZS 3000	Feb 1998
030 Electrical News Line	• Trees regulations • Terminology Changes • Electrical Metering • Ministry of energy (Abolition) Amendment Bill (No2)	Sept 1998
031 Electrical News Line	• Construction of buildings close to powerlines • Gazette notice • Amendment to Electricity Regulations • Overhead Lines warning	Nov 1998
032 Electrical News Line	• Installation of Recessed Lighting Fittings • Pole Climbing	April 1998
033 Electrical Safety (Technical) Section: Structure & Functions - Information Sheet		March 1994
034 Electrical Safety Legislation in NZ - Overview of Publications - Information Sheet	• Electricity act 92 • Electricity regulations 93 • NZ electrical codes of practice	Feb 1995
035 Electrical Safety of Children, the Elderly and Inform Persons Seminar or Workshop. Summary of issues and recommendations.	• Results of seminar/workshop	Oct 1994
036 Electrical Standards for Mining Equipment for Insertion into ECP3:1993		10 Sept 1993
037 Electrical Trade Safety	• New Act & Regulations • Proposal to review regulations • Publicity • Re-registration • Registration courses & examinations	July 1993
038 Electrical Wiring Regs 1976 -Information Circular	Book	1990
039 Electrical Wiring Regs 1976 -Information Circular	Book	1987
040 Electrical Wiring Regs 1976 -Information Circular	Book	1986
041 Electrical Wiring Regs 1976 -Information Circular	Book	1989
042 Electrical Wiring Regs 1976 -Information Circular	Book	1988
043 Employer Licensing - Newsletter	<b>To all Electricity Opertaors, network Operators, the NZ Defence Force, NZ Rail, Works Civil Construction &amp; Powermark</b> • Explains the changes that will happen to electricity operators when section 113 of the Electricity Act 92 ceases to have effect	Feb 1994
044 Energy Safety Bulletin	Introducing the Energy Safety Service	Dec 1999

<b>045</b> Energy Safety Bulletin	Selling Safe Second-hand Electrical Appliances	Oct 2000
<b>046</b> Energy Safety Bulletin	Electrical Safety Services to the Mining Industry	Dec 1999
<b>047</b> Functions & Staff Information Sheet	• Introducing OCEE & how to contact • Where to direct enquires about electrical safety concerns	June 1996
<b>048</b> Galvanic Insulators		Dec 1997
<b>049</b> General Newsletter	• Name changes for the OCEI • Owners & operators of high voltage installations • Electricity act 92 • Electricity regulations 93 • Storage info • Protective clothing • Safety Equipment msg • Available codes & regulations & other items	Mach 1996
<b>050</b> General Newsletter	• Replacing fuses with circuit breakers • Extened hrs of availability • Report on switchgear & contolgear assemblies seminar • Insulation testing	Oct 1995
<b>051</b> General Newsletter	• Switchboards • Use of fuses in installations • Plug in circuit breakers • Safety checks for particular electrical installations • Use of metal conduit • Plug-in timers • Aerial mains • Hot water heaters in dairies • Specialist info sheets & newsletters	May 1994
<b>052</b> General Newsletter	• Deals primarily with matters relating to technical safety matters	Feb 1994
<b>053</b> General Newsletter	• Electricity regulations-Amendments 1-4 • Hazardous locations seminar	June 1996
<b>054</b> General Newsletter	• kidsafe wk • Size of flexible cord for light pendant • voltage of insulation resistance tests • NZECP 14:1995 • Warrent of electricl fitness stickers for caravans • Installing down lights • Electrical incidents	Aug 1996
<b>055</b> General Newsletter	• Electrical installations-construction & demolition sites • New ECP 3:1995 • Code review • Caravan & caravan park sockets and plugs • Warrents of electrical fitness labels • Underground marking tape	Nov 1995
<b>056</b> General Newsletter	• Hazardous location workshop • Review of Oz wiring rules AS3000 • Oz EL Meetings • Mailing lists • Accident • Electric blanket-fire • Dangers from live switchboards • Hefty fine for electrical worker • Fishing machines • Testing of electrical installation • High voltage installations	April 1996
<b>057</b> General Newsletter	• Appliance testing • Accidents • Safety of appliances • Changes to regulations • NZ electrical codes of practice • New codes under development • Notification of electrical faults & hazards • Notification of types of electrical installation • Certificates of compliance • Phasing out PCBs • Use of fuses in installations • Medical electrical installations • Earthing leads-connection at switchboards • Switchboards-MEN,linked busbar,distribution • Installing downlights • Light fittings-Lamp wattage • Codes of practice-existing	Jan 1997
<b>058</b> General Newsletter - Electricity Regulations 1997	• 93 electricity regulations to be revoked • Changes to COC's fees delayed • Draft annotated set of regulations • Explanatory notes on regulation changes	April 1997
<b>059</b> General Newsletter to ESEA Members	• Regulation 45 Systems in general • Regulation 36 Inspections • Inspectors • Labels for machinery that may encroach within 4m of an overhead electrical line • Regulation 82	Feb 1994

<b>060</b> Group News	Letter about, directory being available soon, completing, reviewing & reasing codes & updated regulations	May 1996
<b>061</b> Guide to the Electricity Act 1992 and Electricity Regulations 1993 for Registers Engineers and Engineering Associates		18 June 1993
<b>062</b> Handbook to the Electricity Regualtions - Information Sheet	• EWRs • ESRs • Links to past • Old vs new handbook • How to structure the new handbook	May 1994
<b>063</b> Handbook to the Electricity Regulations- Information Sheet	• Info sheet describes the handbook to the Electricity Regulations & its relationship to the previous legislation	1994
<b>064</b> Hired, Leased & Seconhand Electrical Appliances -Information Sheet	• Appliance safety requirements • Appliance safety checks • Fittings & electrical appliances	July 1994
<b>065</b> Homeowner Electrical Safety Warning -Ask the right questions to ensure safety	• Homeowners encouraged to ask any electrical worker their employing to show their practicing licence before starting any electrical work	1994
<b>066</b> Hot Tips	• Accidents • Live line accident • Protective clothing • Audits • Broken copper conductors • Codes-Live Line • Live Line certificate approval • EWP • Joint Standards	Nov 1996
<b>067</b> If it an heat you , it can hurt you	Booklet	1993 -1996
<b>068</b> Industry Newsletter	Electricity regulations 1997	Feb 1997
<b>069</b> Information Sheet EPA -4	• Outlines electrical safety requirements for used,hired of leased appliances	15 June 1993
<b>070</b> Information Sheet EPA-1	• Outlines the electrical safety legislation applying to electrical appliances& fittings sold, used, leased or hired in NZ	15 June 1993
<b>071</b> Information Sheet EPA-2	• Provides info relating to electrical appliances & fittings which are listed by the Secretary as "declared articles"	15 June 1993
<b>072</b> Information Sheet EPA-3	• Outlines the safety legislation applying to the zoning of hazardous areas & to the selection,installation, testing and maintenance of fitting & electrical appliances in those areas	13 July 1993
<b>073</b> Joint Australian / New Zealand Standard AS3760		10 Sept 1993
<b>074</b> MasterTrade 1994 Hamilton Trade Show	• Outlines some of the work being undertaken by Commerce Electricity in the electrical safety area • provides info updates on other issues regarding electrical safety	1994
<b>075</b> MasterTrade Show Hamilton	• Identification of underground services • Licensing news • Size of flexible cord for light pendant • Voltage of insulation resistance tests • NZECP 14:1995 Control,protection,switchboards • Warrent of Electrical Fitness stickers for caravans • Installing downlights • NSW Department of energydesighn change for cord exten sockets • Declared articles prescribing definition	Aug 1996
<b>076</b> Media Release	Chief Electrical Engineer Says make your Christmas an enlightening Christmas not an Electrifying one	19 Nov 1998
<b>077</b> Media Release	Ministry's Safety Advice to Clothes Dryer Users	15 Sept 1999
<b>078</b> Media Release - Warning regarding Non-Standard Plugs		Jan 1997

<b>079</b> Medical -Electrical Procedures Safety - Information Sheet	•Legistration which applies to medical-electrical situations •Who is responsible for medical-electrical procedures safety •Electrical Professional's Responsibilities •Medical professional/institution's responsibilties •Modifications	Aug 1994
<b>080</b> Medical -Electrical Procedures Training Course -Presentation Notes		1993 -1996
<b>081</b> Neon Signs		Aug 1996
<b>082</b> New Electrical Extension -Lead Will Save Lives		1997
<b>083</b> Newsletter - AS/NZS 3551:1996	•AS/NZS 3551 • NZECP 12:1993 •Testing of appliances •Standards for equipment	June 1997
<b>084</b> Newsletter for NZEI Masterton Conference form the Octopus		March 1994
<b>085</b> Newsletter for Owners of Vehicles using External Electricity Supplies and Persons who Supply Electricity to Vehicles.	•Use of electricity in vehicles •Supply of electricity to vehicles	Dec 1993
<b>086</b> Notice to Persons who are Registered Under the Electrical Registration Act 1979		19 July 1993
<b>087</b> Notification of Existence of Particular Types of Electrical Installation		18 May 1993
<b>088</b> Notification of Immediate Danger to Life or Property - Information Sheet	• Notification processing procedure	April 1994
<b>089</b> NZ Insititute of Electricians- Supplementary Handbook Index to the 1976 Elec Wiring Regs	Book	1988
<b>090</b> NZE Electrical Wiring Regs 1976 Information Circular	Book	1981
<b>091</b> NZE Electrical Wiring Regs 1976 Information Circular	Book	1979
<b>092</b> NZE Electrical Wiring Regs 1976 Information Circular	Book	1980
<b>093</b> NZE Electrical Wiring Regs 1976 Information Circular	Book	1983
<b>094</b> Office of Chief Electrical Inspector Structure & Functions Information Sheet		May 1994
<b>095</b> Office of the Chief Electrical Engineer		1993 - 1996
<b>096</b> Private Generating Plant - Newsletter	Outlines changes to the electrical legislation which may affect you as the owner of an installation which is supplied by your own electricity generating plant	Nov 1993
<b>097</b> Public Information Newsletter	• Electrical wiring work • Repair of appliances • Electrical Certificate of Compliance Type "S"	April 1994
<b>098</b> Public Information -Newsletter	• Electrical wiring work • Repair of appliances • Electrical Certificate of Compliance Type "S"	Dec 1994
<b>099</b> Regulations Newsletter	•Energy sector reform bill •Amendment to the electrical wiring regulations 76 •Codes & regualations •Seminars •Fuel dispensers •Choosing the right MCB •Inspections •Modifications •Q & A •Electricians electrical wiring regulations exam	1992

<b>100</b> Regulations Newsletter	• Compliant spray booths • Neon signs • Plugs & sockets safety • Green Slime Syndrome • Registration • Dont cover up • Publications • Earthing connections to MEN switchboards	September 1993
<b>101</b> Reported Electrical Accidents Involving Persons	Book	1987
<b>102</b> Specific Requirments for Particular Types of Electrical Installations - Info Sheet		Nov 1993
<b>103</b> Spray Painting & Automotive Finishing Industry Newsletter	The aim of this newsletter is to inform this industry of the progress being made on the revision of the interim Standard AS/NZS 4114	April 1994
<b>104</b> Summary of Reported Electrical Accidents to Persons 1/1/84 to 31/3/84	Book	1984
<b>105</b> Summary of Reported Electrical Accidents to Persons- Number 149	Book	Dec 1996
<b>106</b> Summary of Reported Electrical Accidents to Persons- Number 150	Book	Dec 1997
<b>107</b> Summary of Reported Electrical and Gas Accidents 1/1/01 to 31/12/01		Dec 2002
<b>108</b> Summary of Reported Electrical and Gas Accidents 1/1/98 to 31/12/00		Jan 2002
<b>109</b> Summary of Reported Electrical and Gas Accidents 1/1/98 to 31/12/00		2000
<b>110</b> Testing of RCD's - Information Sheet	Testing of RCD's	Aug 1996
<b>111</b> Changes to the Electrical Appliance Safety Regime		May 2002
<b>112</b> The Electrical Safety of Health- Care Facilities - Information Sheet	• Electricity regulations 93 • How to protect against electric shock • How to protect against electrical fire hazards	Aug 1994
<b>113</b> The Regulatory Compliance Mark	About the RCM	1996
<b>114</b> Towards 2000 - General Information	• Electrical service technician's handbook • other publications • Update on further guidebooks • Error in handbook-Electrical Service Technicians	April 1995
<b>115</b> Towards 2000 - Joint Standards	• electric security fences • Shoes & carnivals • Construction & demo sites • wiring systems for specific installations • Adequate electrical installations • Patient treatment areas • Domestic installations • Domestic installations • Safety in film/T.V industry • In-service testing of appliances	July 1994
<b>116</b> Towards 2000 - Joint Standards		Jan 1995
<b>117</b> Towards 2000 - Joint Standards	• D.C. tests on HV cables after installation? • Electricity metering • Industrial & power switchgear & controlgear • Tree pruning standard nears completion	June 1995
<b>118</b> Towards 2000 - Joint Standards	• Review of Oz voltage Standard • New standard update limits for harmonics from appliances • IEC to look at quality of supply • Power & telecommunications coordination • Environmental management system • Testing electrical installations • New IEC publication magnetically induced currents in humans	Feb 1996

<b>119</b> Towards 2000 - Joint Standards	<ul style="list-style-type: none"> <li>• Measuring of PBC levels in insulating oils</li> <li>• Surge arresters</li> <li>• Standard voltages</li> <li>• Revision of standard on classification of hazardous areas</li> <li>• In-service testing of electrical equipment</li> <li>• Electrical installations in domestic premises</li> </ul>	June 1997
<b>120</b> Towards 2000 - Joint standards for the Safety of Sign Illumination Systems in Particular Neon Signs		Oct 1994
<b>121</b> Towards 2000 - Legislation Development	• Electricity regulations 93 • Electrical Codes of Practice	Jan 1995
<b>122</b> Towards 2000 - Legislation Development	• Amendment 4 • TransTasmin alignment	Oct 1995
<b>123</b> Towards 2000 - Legislation Development	• Amendments to regulations • new codes of practice • Amendments of existing codes of practice	April 1995
<b>124</b> Towards 2000 - Standards for TPS Cables	PVC flat cables-differences between OZ & NZ	Feb 1996
<b>125</b> Two Bright Sparks	Book	1993 - 1996
<b>126</b> Electrical Info Line	• Fire protection • Identification of neutral
